You can describe the topic of the section here

Introduction

You can give a brief description of the topic you want to talk about here. If you want to talk about Mercury, you can say that it's the smallest planet Solar System

01

Class notes

You can enter a subtitle here if you need it

Vocabulary section

Mercury

Mercury is the closest planet to the Sun and the smallest one in the Solar System—it's a bit larger than the Moon

Venus

Venus has a beautiful name and is the second planet from the Sun. It's hot and has a poisonous atmosphere

Whoa!

This can be the part of the presentation where you introduce yourself if you haven't done so yet

Start by organizing your notes

Mercury is the closest planet to the Sun and the smallest one in the entire Solar System. This planet's name has nothing to do with the liquid metal, since Mercury was named after the Roman messenger god. It has no moons

Mercury takes a little more than 58 days to complete its rotation, so try to imagine how long days must be there! Since the temperatures are so extreme, albeit not as extreme as on Venus, Mercury has been deemed to be non-habitable for humans

Important concepts

Do you know what helps you make your point crystal clear? Lists like this one:

- They're simple
- You can organize your ideas clearly
- You'll never forget to buy milk!

And the most important thing: the audience won't miss the point of your presentation

Practice essay questions

Mercury

Mercury is the closest planet to the Sun and the smallest of them all

Venus

Venus has a beautiful name and is the second planet from the Sun

Mars

Despite being red, Mars is actually a very cold place

Let's talk about definitions

Mars

Mars is actually a very cold place

Jupiter

Jupiter is the biggest planet of them all

Venus

Venus has extremely high temperatures

Saturn

Saturn is a gas giant and has several rings

Discover your learning style

Mars

Mars is actually a very cold place

Venus

Venus has extremely high temperatures

Neptune

Neptune is very far away from Earth

Mercury

Mercury is quite a small planet

Saturn

Saturn is a gas giant with several rings

Jupiter

Jupiter is the biggest planet of them all

Awesome words

“This is a quote, words full of wisdom that someone important said and can make the reader get inspired.”

—Someone Famous

A picture is worth a thousand words

A picture always reinforces the concept

Images reveal large amounts of data, so
remember: use an image instead of a long text.
Your audience will appreciate it

98,300,000

Big numbers catch your audience's attention

9h 55m 23s

Jupiter's rotation period

333,000

The Sun's mass compared to Earth's

386,000 km

Distance between Earth and the Moon

Do you need to divide the content?

Mercury

Mercury is the closest planet to the Sun and the smallest one in the Solar System—it's a bit larger than the Moon

Venus

Venus has a beautiful name and is the second planet from the Sun. It's hot and has a poisonous atmosphere

Schedule

Monday	Tuesday	Wednesday	Thursday	Friday
9:00 to 12:00 Art class				
	18:00 Pilates		18:00 Pilates	

If you're a visual learner...

Mercury

Mercury is the closest planet to the Sun and the smallest of them all

Venus

Venus has a beautiful name, but also very high temperatures

Mars

Despite being red, Mars is actually a very cold place

Computer mockup

You can replace the image on the screen with your own work. Just right-click on it and select “Replace image”

Tablet mockup

You can replace the image on the screen with your own work. Just right-click on it and select “Replace image”

This is a useful phone mockup

You can replace the image on the screen with your own work. Just right-click on it and select “Replace image”

This is a map

Venus

Venus is the second planet from the Sun

Mercury

Mercury is the closest planet to the Sun

Mars

Despite being red, Mars is a very cold place

Overview

Write 6 words that sum up the **importance of this lesson**

1st word

2nd word

3rd word

4th word

5th word

6th word

If you've got a linear mind...

Venus

Venus is the second planet from the Sun

Mercury

Mercury is the closest planet to the Sun

Jupiter

Jupiter is the biggest planet of them all

Infographics are useful

Mars

Mars is a red planet

Venus

Venus is a hot planet

Mercury

Mercury is very small

Jupiter

Jupiter is a gas giant

Let's organize the work

Use tables to represent data

	Team A	Team B	Team C	Team D
Mercury	0.06	0.53	0.38	0.38
Mars	0.11	9.4	0.53	0.78
Saturn	95.2	1.16	9.4	1.16

You can use this graph

33% Mercury

Mercury is the closest planet to the Sun

17% Venus

Venus is the second planet from the Sun

50% Mars

Despite being red, Mars is a very cold place

Follow the link in the graph to modify its data and then paste the new one here. [For more info, click here](#)

Instructions for use

If you have a free account, in order to use this template, you must credit [Slidesgo](#) by keeping the [Thanks](#) slide. Please refer to the next slide to read the instructions for premium users.

As a Free user, you are allowed to:

- Modify this template.
- Use it for both personal and commercial projects.

You are not allowed to:

- Sublicense, sell or rent any of Slidesgo Content (or a modified version of Slidesgo Content).
- Distribute Slidesgo Content unless it has been expressly authorized by Slidesgo.
- Include Slidesgo Content in an online or offline database or file.
- Offer Slidesgo templates (or modified versions of Slidesgo templates) for download.
- Acquire the copyright of Slidesgo Content.

For more information about editing slides, please read our FAQs or visit our blog:

<https://slidesgo.com/faqs> and <https://slidesgo.com/slidesgo-school>

Instructions for use (premium users)

As a Premium user, you can use this template without attributing Slidesgo or keeping the Thanks slide.

You are allowed to:

- Modify this template.
- Use it for both personal and commercial purposes.
- Hide or delete the “Thanks” slide and the mention to Slidesgo in the credits.
- Share this template in an editable format with people who are not part of your team.

You are not allowed to:

- Sublicense, sell or rent this Slidesgo Template (or a modified version of this Slidesgo Template).
- Distribute this Slidesgo Template (or a modified version of this Slidesgo Template) or include it in a database or in any other product or service that offers downloadable images, icons or presentations that may be subject to distribution or resale.
- Use any of the elements that are part of this Slidesgo Template in an isolated and separated way from this Template.
- Register any of the elements that are part of this template as a trademark or logo, or register it as a work in an intellectual property registry or similar.

For more information about editing slides, please read our FAQs or visit our blog:
